

**PRELIMINARY PROGRAM OVERVIEW 11-14 June 2024**

| HALL                           | Brussels / Paris   | Rome  | Athens  |
|--------------------------------|--|---|---|
| <b>Wednesday June 11, 2025</b> |  |   |   |
| 16:00                          | <b>Opening</b>   |   |   |
| 16:10                          | <b>Keynote 1: Knowing the past of neuropathology &amp; looking to the future</b> |   |   |
| 17:00                          | <b>Welcome Reception at the MECC</b>   |   |   |
| <b>Thursday June 12, 2025</b>  |  |   |   |
| 08:30                          | <b>Keynote 2: AI-guided neuro-oncological pathology</b>                          |   |   |
| 09:15                          | <b>SY1: cIMPACT-NOW updates</b>  | <b>SY2: Pathology, genetics and animal models in titinopathies</b>        | <b>SY3: Epilepsy and neurodevelopmental disorders: novel tools to study the molecular and functional network complexity</b> |
| 10:45                          | <b>Coffee &amp; Tea Break   Exhibits   Posters</b>                               |   |   |
| 11:00                          | <b>WS1: Neuromuscular cases</b>  | <b>WS2: Novel methods in neuropathological neurodegenerative research</b> | <b>WS3: Leukodystrophy case discussions</b>   |
| 12:30                          | <b>Lunch Break</b>   |   |   |
| 13:30                          | <b>SY4: Movement disorders</b>   | <b>SY5: Encephalitis</b>  | <b>SY6: CNS vasculitis/stroke</b>   |
| 15:00                          | <b>Coffee &amp; Tea Break   Exhibits   Posters</b>                               |   |   |
| 15:15                          | <b>WS4: EPIC fails, continued</b>  | <b>WS5: Small vessel disease</b>  | <b>WS6: Developmental neuropathology: malformations</b>   |
| 16:45                          | <b>Keynote 3: Muscle &amp; Nerve pathology: Unconventional repeat disorders</b>  |   |   |
| 17:30<br>18:15                 | <b>Flash talks (from selected abstracts)</b>                                     | <b>Flash talks (from selected abstracts)</b>                              | <b>Flash talks (from selected abstracts)</b>  |
| 19:00                          | <b>Congress Dinner (Bonniefonten Museum)</b>                                     |   |   |

**Friday June 13, 2025**

|                    |  |  |   |
|--------------------|--|--|---|
| <b>08:30</b>       | <b>Keynote 4: The pathogenesis of alpha-synucleinopathies</b>                    |  |   |
| <b>09:15</b>       | <b>SY7: Neuropathies / skin and nerve biopsy pathology</b>                       | <b>SY8: Alzheimer's disease and modern omics</b>   | <b>SY9: Abusive head trauma in children and infants</b>                             |
| <b>10:45</b>       | <b>Coffee &amp; Tea Break   Exhibits   Posters</b>                               |  |   |
| <b>11:00</b>       | <b>WS7: Age estimation in traumatic changes in the CNS</b>                       | <b>WS8: Rapid (incl. intra-operative) molecular diagnostics of CNS tumors</b>                                | <b>WS9: What makes a good paper</b>   |
| <b>12:30</b>       | <b>Lunch Break   Exhibits   Posters</b>  |  |   |
| <b>13:30</b>       | <b>SY10: Cancer neuroscience: Key to opening new therapeutic avenues?</b>        | <b>SY11: Auto-immunity and MS</b>  | <b>SY12: Breaking News</b>  |
| <b>15:00</b>       | <b>Coffee &amp; Tea Break   Exhibits   Posters</b>                               |  |   |
| <b>15:15</b>       | <b>WS10: bridging Alzheimer's Disease (AD) and Frontotemporal Dementia (FTD)</b> | <b>WS11: Neuropathological diagnosis of pediatric CNS tumors; how to serve the patients the best we can?</b> | <b>WS12: Epilepsy: Low-grade developmental and epilepsy associated brain tumors</b> |
| <b>16:45</b>       | <b>Keynote 5: Neuroinflammation / inflammaging</b>                               |  |   |
| <b>17:30-18:30</b> | <b>Flash talks (from selected abstracts)</b>                                     | <b>Flash talks (from selected abstracts)</b>   | <b>Flash talks (from selected abstracts)</b>  |

**Saturday June 14, 2025**

|              |   |  |   |
|--------------|---|--|---|
| <b>08:30</b> | <b>Keynote 6: Neurogenesis, fantastic recent works on interneurons: relevant for epilepsy and neurodegeneration</b> |  |   |
| <b>09:15</b> | <b>SY13: Molecular diagnostics for identification of predictive markers/therapeutic targets in CNS tumors</b>       | <b>SY14: Inflammation in neurodegeneration</b> | <b>SY15: The role of glia in neurodevelopmental disorders</b>                           |
| <b>10:45</b> | <b>Coffee &amp; Tea Break   Exhibits   Posters</b>  |  |   |
| <b>11:00</b> | <b>WS13: Differential diagnosis of vacuolar myopathies and neuromyopathies</b>                                      | <b>WS14: Professional matters</b>              | <b>WS15: ALS- Understanding the spectrum of ALS and its genetically different forms</b> |
| <b>12:30</b> | <b>Awards and closing ceremony</b>  |  |   |
